EXHIBIT 4

UNITED STATES DISTRICT COURT

FOR THE DISTRICT OF COLUMBIA

LEMMON, et al., Plaintiffs, v. DONALD J. TRUMP, et al., Defendants.	Civil Action No. 26-cv-544 (TSC)

DECLARATION OF MAXWELL TAYLOR KENNEDY

I, Maxwell Taylor Kennedy, declare as follows:

1. I am one of the intervenors in this lawsuit. I am over the age of 18 and am competent to make this declaration.

2. I am the son of Robert F. Kennedy and Ethel Kennedy. My father was a United States Senator and Attorney General. I am also the nephew of President John F. Kennedy, Senator Edward M. Kennedy, and Navy Lieutenant Joseph P. Kennedy, Jr.

3. My father, mother, uncles, aunt, and cousins are interred at Arlington National Cemetery near the John F. Kennedy Eternal Flame, a monument intended to celebrate the life and achievements of my uncle.

4. My father played an instrumental role in the creation of President John F. Kennedy's Gravesite, which includes the Eternal Flame.

5. I have personal and aesthetic interests in the Kennedy Gravesites, the unobstructed view between the Lincoln Memorial and John F. Kennedy Gravesite, and the view of the John F. Kennedy Eternal Flame from the Lincoln Memorial and Memorial Bridge.

6. Often when I am in Washington, D.C., I visit my family's Gravesites to meditate on their memory and contributions to national progress and unity. I also regularly visit the

Lincoln Memorial and the Memorial Bridge, where I reflect upon the relationship between the Lincoln Memorial, the Kennedy Gravesites, and the Eternal Flame.

7. I am deeply concerned that the Arch President Trump plans to build on Memorial Circle will destroy the intended effect and symbolic meaning of the Gravesites and the Eternal Flame. The architecture of the monument was intended by my aunt, Jacqueline Kennedy, to ensure a clear line-of-sight from the Memorial Bridge to the Eternal Flame and from the Gravesites to the Lincoln Memorial. I believe that the construction of the Arch will disrupt these sightlines.

8. I am also concerned that the plan to light the Arch from dusk till dawn every night with powerful floodlights, mounted on stanchions up to 30-feet tall, will cast a glaring, bright light that pierces the quiet darkness of Arlington National Cemetery. Arlington is a place of eternal rest, and its darkness is intentional. It is kept dark out of respect for those who rest there, on hallowed ground, so that they are not disturbed. Apart from a few deliberately chosen lights, the Cemetery is left in darkness. The lighting at the Tomb of the Unknown Soldier and at Arlington House shows how carefully those choices have been made, and both are beautifully done. That dignified darkness is part of our reverence.

9. I have visited the Gravesites at dusk and seen the Eternal Flame burning against the darkening sky, visible from Memorial Bridge and the Lincoln Memorial. That sight is among the most moving parts of honoring my family and the many others who rest there. Bright floodlighting nearby would disrupt the rest and erase the solemn darkness that honors them.

10. I intend to continue visiting my family's Gravesites, the Lincoln Memorial, and the Memorial Bridge to honor their legacy, and for family memorials and remembrance events in the future. When I look at the vista from the John F. Kennedy Gravesite, I am comforted by the fact that President

Kennedy loved that view. I have always believed that these remembrances would remain a permanent part of the nation's capital.

11. I also feel a responsibility to ensure that all Americans can continue to appreciate the Gravesites as my parents, aunt, and uncle intended.

12. I am also concerned that during the spring and summer months, the proposed Arch will cast a shadow over my family's Gravesites and the Eternal Flame. I believe this to be a disrespectful intrusion on a reverently designed and tended site and an insult to the legacy of my family. The shadow would fundamentally alter the experience of visiting the Gravesites. It will be difficult for me to recognize my parents', uncles', and aunt's service and sacrifice to this country without distraction.

13. If the Arch is built, I would never again be able to appreciate the Kennedy Gravesites and the Eternal Flame as I always have before, and as my family always intended. I view the planned arch to be a distraction from the symbolic relationship between my family's Gravesites, the Eternal Flame, Memorial Bridge, Arlington House, the Lincoln Memorial, and the graves of the thousands of others who have served our country.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 13th day of November, 2026
